

Job Title: **Monitoring, Evaluation, and Learning (MEL) Specialist**

Project: **Advancing Sustainable Agriculture and Food Security in Kenya**

Location: **Kenya**

Job Type: Contract

About the Project:

We're seeking a MEL Specialist to support our project Advancing Sustainable Agriculture and Food Security in Kenya. This role involves designing and implementing MEL systems to track project progress and impact.

Job Summary:

The MEL Specialist will:

- MEL system design: Develop and implement MEL systems and tools
- Data collection and analysis: Collect, analyze, and interpret project data
- Reporting: Prepare and submit reports to donors and stakeholders
- Learning and adaptation: Identify lessons learned and recommend improvements

Requirements:

- Experience: 5+ years in MEL, research, or a related field
- Qualifications: Degree in Research Methods, Statistics, or a related field
- Skills: Strong analytical, problem-solving, and communication skills

What We Offer:

- Competitive contract rate
- Opportunity to work on a meaningful project impacting sustainable agriculture and food security in Kenya
- Collaborative and dynamic work environment

How to Apply:

If you're a MEL professional with experience in sustainable agriculture and food security or a related field, please submit your application, including your resume and cover letter, to careers@mtuals.org We look forward to hearing from you!
