

Job Title: [**Sustainable Agriculture Specialist**](#)

Project: [Advancing Sustainable Agriculture and Food Security in Kenya](#)

Location: [Kenya](#)

Job Type: Contract

[About the Project:](#)

We're seeking a seasoned Sustainable Agriculture Specialist to lead initiatives promoting environmentally friendly and socially responsible agricultural practices in Kenya.

[Job Summary:](#)

The Sustainable Agriculture Specialist will:

- Sustainable agriculture practices: Develop and promote sustainable agriculture practices, including conservation agriculture, agroforestry, and integrated pest management
- Farmer training: Provide training and technical assistance to farmers on sustainable agriculture practices
- Research and development: Conduct research and development to identify and promote innovative sustainable agriculture practices
- Collaboration: Work with stakeholders, including farmers, government agencies, and NGOs, to promote sustainable agriculture

Requirements:

- Experience: 10+ years in sustainable agriculture, agriculture extension, or a related field
- Qualifications: Degree in Agriculture, Environmental Science, or a related field
- Skills: Strong knowledge of sustainable agriculture practices, adult learning, and community development

What We Offer:

- Competitive contract rate
- Opportunity to work on a meaningful project impacting sustainable agriculture and food security in Kenya
- Collaborative and dynamic work environment

How to Apply:

If you're a sustainable agriculture professional with experience in Kenya, please submit your application, including your resume and cover letter, to careers@mtuals.org We look forward to hearing from you!
